NPS Hikes: The Best of the Best Day Hikes – Join Dave Kroese (Cardinal Dave) for a spirited talk. From Acadia to American Samoa, Alaska to the Caribbean, some 21,000 miles of trails wind through our national park system. He will share pictures and reflections on favorite day hikes drawn from across the 433 National Park Service units and 28 designations. We choose our trail favorite from each selected park representing an incredible diversity of landscapes, natural features, and human history within our national park system.

Open Mic – This will be your turn to take the microphone and display your knowledge of a particular part of the national parks. It's like karaoke, but you bring the topic! Sign-ups will occur during the collectible's forum. Each member gets 5 minutes to speak on their chosen topic, and then we'll have 1 minute to switch speakers. You won't be able to present anything on a screen, just speaking or hand-held displays.
